

This **2007 Kings Row** is crafted from the same vineyards lots as is our **2007 Checkerboard**. The difference is the blend of the lots in each wine. **Kings Row** is designed to be enjoyed now with beautifully rounded tannins, a full rich mid-palette- and a long elegant finish.

**Kings Row** is made with the same commitment to the highest quality as our **Checkerboard**. **Kings Row** is picked from the same vineyards, placed into the same new French oak barrels, using the identical process from harvest to bottle. The difference is in the blend.
